

Amendments to the Specification:

Please replace the existing title on page 1, line 1 of the specification, with the following title:

MOBILE TURRET SYSTEM CONNECTED TO VIRTUAL TURRET SYSTEM
BY REMOTE COMPUTING

→ A substitute specification which is provided in double-spaced format and which includes the above change to the title, is being submitted concurrently herewith. Please note that the change to the title is the only difference (other than the spacing format) between the substitute specification and the originally-filed specification.
